| PDEV 1130 | Employment Strategies | 1 | 1/0 |

PROGRAM DESCRIPTION

Behind the evening newscast, your favorite YouTube channel, and every great print ad, poster, illustration, and photograph is extensive technical knowledge mixed in with a fair amount of creativity.

The Graphic Design Media program prepares students for a multitude of career options in visual storytelling. Here, you will start the creative career you have always dreamed of, or never knew you could pursue, while staying close to home and saving yourself a ton of money.

PROGRAM OUTCOMES

Upon completion of the Graphic Design Media program, the graduate will be able to:

1. Identify the many career paths that fall under the umbrella of graphic communications.
2. Participate in class critiques to improve creative work and develop communication and customer-service skills for working with clients.
3. Apply knowledge of various skill sets learned throughout the four-semester program to class projects (photography, video editing, graphic design and ux design, and more).
4. Develop a robust portfolio that is suitable for review by an industry professional.

5. Prepare student for production level employment after graduation and/or transfer to a four- year college or university that the program has transfer agreements with.

ACCREDITATION

The program is accredited in the areas of Graphic Communications and the Graphic Design by Printing and Graphics Association MidAtlantic (PGAMA).

ARTICULATION AGREEMENTS

- Bemidji State University – Graphic Design, Studio Arts, Exhibit Design
- Minneapolis College of Art and Design (MCAD) – Graphic Design
- Minnesota State University, Moorhead - Operations Management

PROGRAM NOTES

- This course/program can be taken via distance learning. Please see your advisor for additional information.
- This course/program is also delivered remotely to the Hibbing, Itasca, and Rainy River campus. Please see your advisor for additional information.
- GRAP courses must be taken in semester order as listed on this program planner. Students may also meet with their advisor to create a degree plan to meet their specific career goals.
- Differential tuition is assessed for the GRAP courses.

EMPLOYMENT OPPORTUNITIES

Students enrolled in this two-year program will gain experience and become proficient in industry's cutting-edge software. Learn to shoot, cut, and edit videos using Final Cut Pro and Motion. Begin building your professional portfolio by creating exciting layouts for print and web design using Adobe Photoshop, Adobe Illustrator, Adobe InDesign, and Adobe Dreamweaver. Our writing, photography, and prepress printing classes prepare you for a variety of job opportunities after graduation.
