PROGRAM OUTCOMES

Upon completion of the Nursing AS Degree, the graduate will be able to:

1. Professional Behaviors. Apply the nursing process in providing wholistic care while demonstrating professional behavior that reflects integrity, accountability, responsibility, and ethical nursing practice.
2. Safety. Apply the nursing process in providing wholistic care while minimizing risk of harm to patients through system effectiveness and individual performance.
3. Evidence-Based Practice. Apply the nursing process in providing wholistic care while integrating best current evidence with clinical expertise and patient/family preferences and values for delivery of optimal health care.
4. Patient-Centered Care. Apply the nursing process in providing wholistic care while providing compassionate care that is respectful to patient preference, values, and needs which guides all clinical decisions.
5. Teamwork and Collaboration. Apply the nursing process in providing wholistic care while participating effectively with members of the inter-professional team to achieve quality patient care.
6. Nursing Judgements. Apply the nursing process in providing wholistic care while making judgements in practice substantiated with evidence, utilizing informatics to provide safe, quality care to patients and their families.

ACCREDITATION

Minnesota North College's (AD) nursing program is approved by the Minnesota Board of Nursing and is accredited by the: Accreditation Commission for Education in Nursing, Inc. (ACEN). The program received initial accreditation in 2012 and has been accredited since that time. The most recent accreditation decision made by the ACEN Board of Commissioners for the Associate Degree nursing program is continuing accreditation.

ARTICULATION AGREEMENTS

- Articulation agreements with all Minnesota State Colleges and Universities.

PROGRAM NOTES

- All nursing and required non-nursing courses must be passed with a grade of "C" or better.
- Differential tuition is assessed for the NURS courses.

EMPLOYMENT OPPORTUNITIES

Those students who successfully complete the nursing and general education graduation requirements of this program are eligible to apply for licensure and apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Graduates are prepared for entry level positions in hospitals, nursing homes, home health agencies and clinics. Employment prospects for registered nurses is excellent.
