Description: Please help the Minnesota North College Eveleth Welding students raise money for National Skills competition!

Day(s): Th

Time: 12:01 AM

Sessions: 1

Cost: \$0.00

Instructor: . Staff

Registration Cutoff Date:

Dates & Times: 5/9/2024 12:01AM - 11:59PM

This schedule does not mean anything. We just had to attach it, so the “class” had a date and time.

The important part is the second half of this screen. This is where they select the amount they want to donate. If they would like to do more than \$200.00 they can change the “Qty” amount next to the dollar amount that adds up to the total they want to donate. Customers are not able to do partial numbers, they have to be in increments of \$20, but if they want to donate \$120.00 they can select \$100.00 and \$20.00.

Other Costs & Options	Qty	Payment method
<input type="checkbox"/> \$20.00 \$20 Donation	<input type="text" value="1"/>	Pay to Program
<input type="checkbox"/> \$60.00 \$60 Donation	<input type="text" value="1"/>	Pay to Program

Next, customers will be prompted to either Log in, or create an account. If they have not registered through RSchoolToday before, they will need to make an account. This will make donating in the future easier. If they have registered before, then they can simply log in.

Days: Su, W

**Please choose to proceed**

[Login or Register to your Account](#)

If creating a new account, the customer should only have to fill out their name, address and phone number. There is other information on the screen, but we do not need it for these purposes.

Payer Information will then show up when creating a new account. The customer can select the box that states "Student/Participant is also the payer". This information should auto populate the same that was entered in the first participant information screen.

**Step 2 of 2: Add Payer Information**

Please fill in the information for the person who is PAYING for this registration.

\* Denotes required field

**Payer's Info:**

Student/Participant is also the Payer

They will have to enter an email, create a username and a password. Once this is done, it will walk them through the payment process.

I do like to note that the RST website is not always mobile device friendly. It is possible, but it is sometimes a little more tedious. I encourage people to register on a computer.
